OUR COURSE OF ACTION

(Session 2022-23)

BEST PRACTICE – 1

1. Commitment To Teaching And Learning :

To enhance the quality of teaching-learning processes, the institution initiated Digital Integration in Teaching. Faculty members were encouraged to effectively utilize digital tools, online resources, multimedia presentations, and learning management platforms in classroom instruction.

2. Objectives :

- To promote technology-enabled teaching-learning.
- To improve student engagement through digital resources.
- To develop digital competencies among teachers and students.
- To create an interactive and learner-centered classroom environment.

3. The Context That Required Initiation Of The Practice :

The rapid advancement of educational technology required teachers to integrate digital tools into pedagogy. The institution recognized the need to equip faculty and students with digital skills to meet modern educational demands.

4. Practice :

- Faculty training workshops on ICT tools.
- Use of Smart Boards, PowerPoint presentations, and educational videos.
- Online assignments and digital assessment methods.
- Integration of e-content and online learning resources.

5. Evidence of Success :

- Increased use of ICT-enabled teaching methods.
- Improved student participation and classroom interaction.
- Better access to learning resources.
- Enhanced digital literacy among stakeholders.

6. Problems Encountered :

- Occasional internet connectivity issues.
 - Need for continuous technical support and training.
-

BEST PRACTICE – 2

1. Commitment To Teaching And Learning :

The institution actively engaged students and faculty in community-based activities to promote social awareness and civic responsibility.

2. Objectives :

- To strengthen community participation.
- To develop social responsibility among students.
- To address local community needs through educational initiatives.
- To foster a spirit of service and citizenship.

3. The Context That Required Initiation Of The Practice :

Educational institutions play an important role in societal development. Community engagement activities help students connect academic learning with social realities.

4. Practice :

- Awareness rallies and campaigns.
- Health and sanitation drives.
- Literacy and environmental awareness programs.
- Participation in NSS and outreach activities.

5. Evidence of Success :

- Active student participation in outreach programs.
- Positive response from local communities.
- Increased awareness regarding social issues.

6. Problems Encountered :

- Transportation and scheduling constraints during field activities.
-
